

DOUBLE IPA

We went all out on the hops for our 2nd Anniversary release, a Double IPA. Eight varieties of hops (including Glacier, Horizon, Nugget, and Columbus) spread out over 10 different additions (including whole-leaf Simcoe and Nugget in the grant, and 2 separate dry-hoppings!) add up to 99 IBUs of pure hoppy goodness. A solid malt backbone supports the smooth bitterness, complex flavors, and intoxicating aroma. And like all (512) ales, this one is made using 85% USDA certified organic ingredients.

9.0% ABV | Available Year Round
